Time and Attendance Leader Gets Employees Excited About Charity

AUSTIN, TX – February 27, 2008 – Legiant, a leading provider of time and attendance and workforce management solutions, announced its commitment to aiding the hungry by setting up an online virtual drive with the Capital Area Food Bank of Texas. Legiant management created an internal survey to poll which local charities their employees wished to support. The majority of Legiant employees were interested in nourishing the hungry and the Capital Area Food Bank of Texas received the most votes.

“With so many worthy charities to choose from, we felt it was important to get our employees opinions about which charity Legiant should officially support,” said Joe Mercer, Professional Services Manager. “The ability to setup an online virtual drive with the CAFB of Texas was a great benefit. It was easy for our employees to make donations and for our company to match those donations.”

Legiant’s Capital Area Food Bank Virtual Drive was setup for the entire month of February and promoted through their internal company newsletter. Legiant employees are currently organizing a volunteer day at the CAFB location in downtown Austin for an upcoming weekend in March.

The mission of the Capital Area Food Bank of Texas is to nourish hungry people and lead the community in ending hunger. In its 27th year of service, the Capital Area Food Bank of Texas currently provides food and grocery products to 370 Partner Agencies in 21 Central Texas counties. In 2007, CAFB distributed more than 15 million pounds of food.

Legiant is a leading provider of web-based time and attendance and time accounting systems for payroll, attendance, productivity, leave and project tracking. Flexible workforce management solutions help Legiant’s enterprise customers maximize the profitability and productivity of their workforce. Solutions such as Legiant Timecard™ and Legiant Express™ can be customized to meet the unique needs of any organization including mobile workforce tracking, payroll automation or automated time and attendance and workforce productivity reporting. Legiant integrates software, hardware, and professional services to create a comprehensive time tracking solution, easy-to-use and accessible from anywhere

through a Web-based interface. Legiant integrates with the majority of payroll systems and supports biometric data collection devices. For more information, visit Legiant at <http://www.legiant.com>.
